**EXPERT MEETING: AŽD AUTONOMOUS TRAIN TECHNOLOGY
AND AUTONOMOUS TRAIN EDITA RIDE**

**TECHNOLOGIE AUTONOMNÍCH VLAKŮ AŽD
A JÍZDA AUTONOMNÍM VLAKEM**

11.09.2025, Dětenice, Czech Republic

KOPID LHK

Agenda 1 / 2

11.09.2025, Dětenice station, Czech Republic		Location / Místo konání	Group Skupina
9:45	10:15	Registration, coffee	Dětenice station
10:15	10:35	Welcome by CEO	Competence Centre
10:35	11:15	Presentation: <i>Introduction to AŽD and Railway Lines</i> <i>From Pilot to Public: EDITA as Europe's First Autonomous Train in Open Railway Operation</i> <i>Kopidlanka Test Polygon: Digital Infrastructure for the Autonomous Railway of Tomorrow</i>	Competence Centre
11:20	12:00	Autonomous Inspection in Railways <i>Beyond Manual Checks: Autonomous Systems for Railway Infrastructure Monitoring</i>	Former station building
		Interactive Workshop and Technology Demonstration -- Workshop: "Autonomous Railway Operation – Challenges, Solutions, and Future Directions" <i>Interactive discussion / interaktivní diskuse</i>	Platform - – EDITA Trailer
		-- Inside Autonomy – Technologies Behind the EDITA Train <i>On-board presentation of autonomous train technologies / Prezentace technologií v autonomním vlaku</i>	– EDITA Vehicle
12:05	12:45	Autonomous Inspection in Railways <i>Beyond Manual Checks: Autonomous Systems for Railway Infrastructure Monitoring</i>	Former station building
		Interactive Workshop and Technology Demonstration -- Workshop: "Autonomous Railway Operation – Challenges, Solutions, and Future Directions" <i>Interactive discussion / interaktivní diskuse</i>	Platform - – EDITA Trailer
		-- Inside Autonomy – Technologies Behind the EDITA Train <i>On-board presentation of autonomous train technologies / Prezentace technologií v autonomním vlaku</i>	– EDITA Vehicle
12:55	14:05	Test Ride / Testovací jízda Dětenice – Dolní Bousov – Dětenice <i>Live test drive with the opportunity to look inside the cab during the drive / Testovací jízda s možností nahlédnout do kabiny během jízdy</i>	Test ride
14:05	15:00	Lunch, Networking	Dětenice station

Agenda 2 / 2

11.09.2025, Dětenice station, Czech Republic		Location / Místo konání	Group Skupina
12:30	13:30	Registration, Lunch	Dětenice station
13:30	13:50	Welcome by AŽD	Competence Centre
13:50	14:30	Presentation: <i>Introduction to AŽD and Railway Lines</i> <i>From Pilot to Public: EDITA as Europe's First Autonomous Train in Open Railway Operation</i> <i>Kopidlanka Test Polygon: Digital Infrastructure for the Autonomous Railway of Tomorrow</i>	Competence Centre
14:35	15:15	Autonomous Inspection in Railways <i>Beyond Manual Checks: Autonomous Systems for Railway Infrastructure Monitoring</i>	Former station building
		Interactive Workshop and Technology Demonstration -- Workshop: "Autonomous Railway Operation – Challenges, Solutions, and Future Directions" <i>Interactive discussion / interaktivní diskuse</i>	Platform -
		-- Inside Autonomy – Technologies Behind the EDITA Train <i>On-board presentation of autonomous train technologies / Prezentace technologií v autonomním vlaku</i>	– EDITA Trailer
			– EDITA Vehicle
15:20	16:00	Autonomous Inspection in Railways <i>Beyond Manual Checks: Autonomous Systems for Railway Infrastructure Monitoring</i>	Former station building
		Interactive Workshop and Technology Demonstration -- Workshop: "Autonomous Railway Operation – Challenges, Solutions, and Future Directions" <i>Interactive discussion / interaktivní diskuse</i>	Platform -
		-- Inside Autonomy – Technologies Behind the EDITA Train <i>On-board presentation of autonomous train technologies / Prezentace technologií v autonomním vlaku</i>	– EDITA Trailer
			– EDITA Vehicle
16:15	17:25	Test Ride / Testovací jízda Dětenice – Dolní Bousov – Dětenice <i>Live test drive with the opportunity to look inside the cab during the drive / Testovací jízda s možností nahlédnout do kabiny během jízdy</i>	Test ride
17:25	17:50	Networking	Dětenice station

Practical Information / Praktické Informace

Recommended Train Connection from Prague . To ensure smooth travel to the event, we recommend the following train service:	Doporučené vlakové spojení z Prahy Pro hladký průběh cesty na akci doporučujeme následující vlakové spojení:
Outbound/Tam: Prague – Nymburk Train: R10 (R 923 Krakonoš) Departure: 08:10 – Praha hl.n. Arrival: 08:53 – Nymburk hl.n.	Return/Zpět: Nymburk – Prague Train: R10 (R 944 Hradečan) Departure: 16:02 – Nymburk Arrival: 16:42 – Praha hl.n.
Outbound/Tam: Prague – Nymburk Train: R10 (R 925 Krakonoš) Departure: 10:10 – Praha hl.n. Arrival: 10:53 – Nymburk hl.n.	Return/Zpět: Nymburk – Prague Train: R10 (R 944 Hradečan) Departure: 19:02 – Nymburk hl.n. Arrival: 19:42 – Praha hl.n.
AŽD will operate a BUS shuttle service to connect visitors with the mentioned train. AŽD BUS – Nymburk → Dětenice (bus will be waiting in front of the station building) Nymburk hl.n.: 09:00 Dětenice: 09:45 Nymburk hl.n.: 11:00 Dětenice: 11:45 Arrival by car: The railway station is located behind the village of Dětenice. Please park your cars on the access road; do not drive into the railway station grounds.	AŽD zajišťuje kyvadlovou autobusovou dopravu návštěvníků k uvedenému vlaku. AŽD BUS – Nymburk → Dětenice Dětenice: 14:40 Nymburk hl.n.: 15:25 Dětenice: 17:45 Nymburk hl.n.: 18:30 Příjezd autem: železniční stanice se nachází za obcí Dětenice. Automobily prosím zaparkujte na příjezdové cestě, nevjíždějte do areálu železniční stanice.
To facilitate organization, especially in the EDITA experimental autonomous vehicle, visitors will be divided into groups. Your group is indicated on your badge.	Pro usnadnění organizace zejména v experimentálním autonomním vozidle EDITA budou návštěvníci rozděleni do skupin. Vaše skupina je vyznačena na jmenovce.
Please note that the EDITA rail vehicle is a "living laboratory" that is not primarily intended for passenger transport. Particular caution must be exercised when traveling in this vehicle, and passengers must hold onto the handrails.	Prosím vezměte na vědomí, že železniční vozidlo EDITA je "živá laboratoř", která není primárně určena pro přepravu osob. Zejména za jízdy v tomto vozidle je nutno dbát zvýšené opatrnosti a nutno se držet madel.
